TREATY TERMS VIRTUALLY READY FOR FORMAL PRESENTATION TO THE HUNS

Final Decisions Made at Meeting of the Council of Three Held Yesterday

OBJECTIONS ARE FILED

Italian Situation is Clearing and Attacks on Wilson by Italian Press are Stopped

Report Says Russian Bolsheviks Marching on Hungary

(By Associated Press)

With the work of framing the peace treaty seemingly almost completed except for some secondary matters, the allied and German delegations are waiting for the formal presentation of the document early next week. Final discussions on several problems which must be written into the treaty were reached by the council of three yesterday.

Germany must give up her cable systems according to reports, but the allies will not incorporate in the treaty the plan for the future disposition of this property.

The cables will merely remain in the hands of the five great powers until agreement is reached as to their disposition. This is virtually the same plan adopted in dealing with the warships which Germany has surrendered.

Objections over some decisions of the council of three are heard at Paris, the Chinese delegation issuing a statement to the council objecting to settlement of the Chino-Japanese problems.

Belgium, too, is disposed to object to the conclusions of the council, it being reported the Belgians will not obtain rights demanded over control of the Scheldt river, or territorial concessions in the Dutch province of Limburg, and in German Maestricht.

The Italian situation is still unsettled but efforts are being made by the American and French ambassadors at Rome to reach an understanding with Premier Orlando. Measures have been taken to prevent further attacks on President Wilson by Italian newspapers and persons participating in demonstrations.

Bavarian government troops have entered Munich but the Soviet forces still hold some parts of the city.

A rather indefinite report from London says a Russian Bolshevik army is "marching on Hungary" following the arrangement of a convention with the Ukrainians. Whether this means the Ukrainians are permitting the Bolsheviks to join the Hungarian Reds against the Rumanians has not developed.

MAY NOT BE READY BEFORE WEDNESDAY

(By Associated Press)

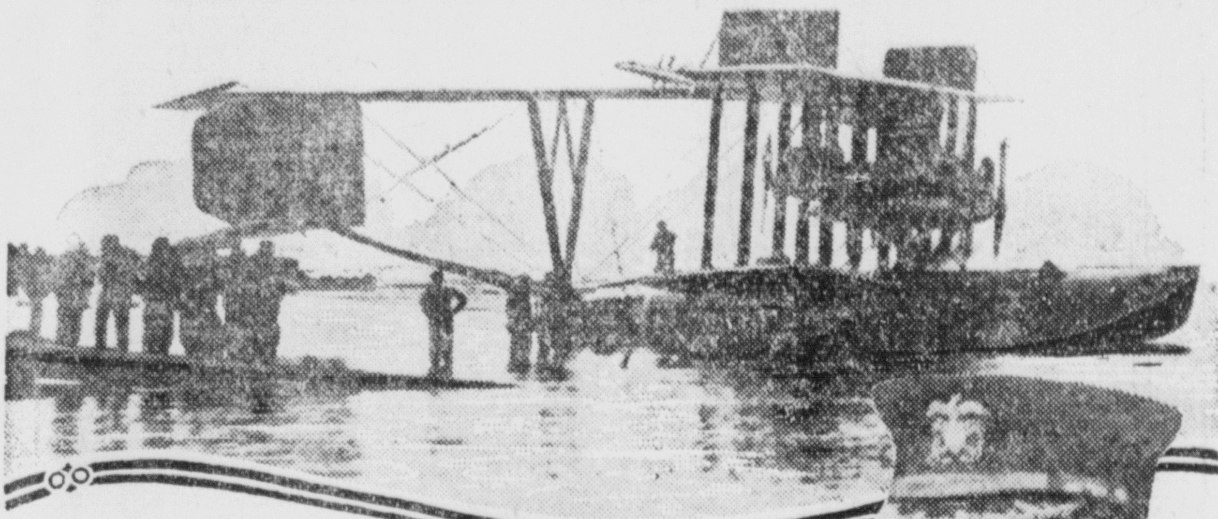

Paris, May 3.—The presentation of the peace terms will not take place before Wednesday, May 7th, according to the present indication, this morning's newspapers say.

The Echo De Paris says the council of three yesterday adopted the section dealing with Alsace and Lorraine, which are given to France, the ownership of railways included.

The council also fixed the status of Luxembourg, this newspaper adds, completely severing the Grand Duchy from Germany.

Now that the peace terms are to be handed over to the Germans the papers point out that the summoning of the Austro-Hungarian delegates seems probable.

ONE OF NAVY'S PLANES IS READY FOR OCEAN FLIGHT

NC-3, U. S. seaplane, after trial flight at Rockaway Beach, L. I., and Commander H. C. Richardson, who piloted it.

Officers in charge of the navy's preparations for a trans-Atlantic flight have announced that one of the four giant seaplanes built for the trip is ready to attempt the flight. This plane is the NC-3. It will be flown on "somewhere in

Newfoundland" within a week, it is now said, where it will start the long trip over the Atlantic for Europe. Commander H. C. Richardson will be one of the members of the crews selected to fly the NC-3 and the other three planes, the NC-1, 2 and 4.

MAY ISSUE CALL FOR CONGRESS TO MEET JUNE FIRST

Confidential Advices Reaching Washington Indicate Early Session

Meeting May be Called by Cable Before First of Next Month

(By Associated Press)

Washington, May 3.—Intimation that a special session of Congress will be called by President Wilson to meet about June 1st is contained in confidential dispatches today from Paris.

It was said in administration quarters that it was quite possible that if the situation in Paris should develop rapidly the special session might meet even before June, and be called by cable.

GREAT PANORAMA OF VICTORY IS STAGED IN N. Y.

Every Branch of Service Represented in Spectacular Parade Today

(By Associated Press)

New York, May 3.—One of the most novel and spectacular parades ever held on Fifth Avenue a "Panorama of Victory" staged by army in the interest of the Victory Loan, thrilled thousands today and brought home many a full realization of America's part in the war.

For more than four hours, over five miles of march, there was unfolded an ever-changing picture of marvels the army America raised to fight Germany.

Every branch of the military service was represented.

PETROGRAD FREE OF BOLSHEVISTS SAY DISPATCHES

Former Russian Capital Had Been in Hands of Reds Since Nov. 1917

Fins Reported to Have Forced Withdrawal

(By Associated Press)

Paris, May 3.—Petrograd, the former Russian capital which has been in the hands of the Bolsheviks ever since the Red revolution in November, 1917, is believed to have been captured, according to information apparently trustworthy, by the Finnish army which has been advancing from the frontier.

The Bolsheviks were recently reported to be evacuating the city.

This pronounced reverse of the Bolshevik armies is the most notable development reported from the anti-Bolshevik fighting fronts.

TIME HANGS HEAVILY ON HUNS HANDS IN FRANCE

Total of 218 German Delegates Now Await Peace Terms in Versailles

SECOND MEETING SUNDAY

Exchange of Telegrams Between Versailles and Berlin Lively

(By Associated Press)

Versailles, May 3.—The German delegation to the peace congress is rapidly assuming a position of equality in numbers at least, with the delegations of the various allies and associated powers. Twenty more subordinates arrived last evening, traveling on regular trains under escort.

Their arrival brings the roster of the delegation to a total of 218 while still more arrivals are expected.

A brisk interchange of telegrams is in progress with Berlin, a courier also leaving for the German capital today with official and press dispatches. Time is hanging heavily on the hands of the greater part of the delegation, however.

So far as is known the only thing on the program for the enemy plenipotentiaries until the session at which the peace terms will be given, is a further meeting of the credentials committee of the conference Sunday morning.

CURTIS CO. BUYS 1200 PLANES OF GOVERNMENT

Huge Deal Put Through Because of Demand by Individuals for Planes

Ohioan Plans to Visit Cotton Plantations by Plane

(By Associated Press)

New York, May 3.—Purchase from the government of several million dollars' worth of airplanes, the majority of them flying machines used during the war, was announced here today by the Curtis Airplane and Motors Company. Between 1,000 and 1,200 planes are being taken over.

It was stated that some of the machines would be put to novel uses by former army officers and others who plan to purchase them from the Curtis Company.

An Ohio manufacturer, it is said, will use several machines to supervise control of his cotton plantations in the south.

HUNS COMMENT ON RECEPTION OF DELEGATES

Characterize the French Attitude as "Cold but Correct"

Think Treaty Will be Signed by June 1st

(By Associated Press)

Paris, May 3.—In a German wireless dispatch picked up in Paris the first meeting of the German delegates with representatives of the allies is described at length. The attitude of the French officials being characterized as "cold but correct."

The message declares the French and British press treat the arrival of the Germans as a matter of minor importance and adds that according to the Dutch papers the American press has displayed a similar indifference. June first is given as the probable date of signing the treaty.

POMERENE SURE LOAN WILL BE A DECIDED SUCCESS

United States Senator Atlee Pomerene Greeted By Large Audience Which Applauds Stand on The Leag, Bolshevism and Loan.

Enjoyable Banquet Precedes Forceful Address Under Auspices of Dutch Treat Club.

A large audience greeted United States Senator Atlee Pomerene when he appeared at the High School auditorium Friday evening. Senator Pomerene made a powerful appeal in the interest of the Victory Loan and also spoke at some length upon the two great questions of the hour—the League of Nations and Bolshevism.

Music for the occasion was furnished by a chorus of some seventy small boys, under the direction of Miss Elizabeth Sheen.

Hon. J. D. Post presided and introduced the speaker. On the platform with him were Hon. C. A. Reid, Hon. Frank C. Parrett and Mayor Dahl. The chairman brought to the minds of his audience the fact that Fayette county had raised \$285,000 of its \$822,000 quota of the loan. He declared there was no doubt in his mind that when the tenth of May rolls around Fayette county will have gone over the top.

When Senator Pomerene took the floor he made it plain to everyone that he stood for the League of Nations.

"I am for a league of nations," said the Senator. "Let me correct myself—I am for this League of Nations," he continued.

The speaker declared that almost all the criticism directed against the league was against the President.

do not hesitate to say," he asserted, "that if it had not been known that Woodrow Wilson was one of the peace commissioners, many critics would be disarmed."

Senator Pomerene put aside the question that we should not enter into the league, with a few words.

The speaker said in part:

"There are some people who say: 'Now we have won the war, let us fold our tents and go home.' We must not leave our allies to the tender mercies of the Imperial German government. My friends, I do not want historians to say that while America fought a good fight, she did not keep the faith. I want them to say that America fought a good fight and she kept the faith with her allies."

In touching upon Bolshevism the Senator declared that one Bolshevik was just one too many of that "breed of cattle" to have in this country. He said there was no room on American soil for them.

Senator Pomerene was at his best in speaking of the Victory Loan and his appeal to the people to put the loan over was a stirring one. He spoke of the enormous wealth of the nation and how the wealth has increased during the period of the war.

"We are a richer nation today than when we entered the war," he declared, "and due to what? Due to the war!"

In regard to the wastefulness incurred during the war he said that he knew there had been extravagance but that it had been justified to some extent.

"Some people say to me that you were wasteful. All war is wasteful. When the boys went to the front you wanted them to be fully equipped; to have guns and the best of clothing, and you wanted them to have bullets even if they were made of gold dollars. You wanted these things and you got them. What you wanted was quantity, quality and quick production."

In speaking of his policy in voting upon the appropriation measures the Senator declared: "I determined that it would be better to be 100 percent over prepared than to be ten percent underprepared."

The cruelty and atrocities practiced by the Germans did not escape the Senator. He received great applause when he declared he would like to set aside part of the loan to have the Kaiser tried, extradited and shot.

In closing Senator Pomerene said he was convinced that the Victory Loan was not going to fail and that the country would go over the top as our boys did in France.

The Senator was the honor guest at a banquet at the Y. M. C. A. under the auspices of the Dutch Treat Club. After the banquet the Dutch Treaters attended the meeting at the High School in a body. The banquet was a most enjoyable one.

HUN CREDENTIALS ARE PRESENTED LATE THURSDAY

Barely Five Minutes Required for First Meeting of Germans with Allies

(By Associated Press)
Versailles, May 2.—In a session beginning at 3:10 yesterday afternoon and lasting barely five minutes, the German plenipotentiaries of the peace congress presented their credentials.

It was the first step in the peace negotiations. The German credentials were presented to representatives of the allies and the United States.

Pale and almost fainting from emotion, Count von Brockdorff-Rantzau, the German foreign secretary and head of the delegation, passed through what evidently was one of the bitterest moments of his life. He was barely able to sustain himself through the brief ceremony and reach the waiting automobile which had brought him to the gathering.

The meeting took place in the room of the Trianon Hotel previously used for the sessions of the supreme military council. Count von Brockdorff-Rantzau, on entering, was accompanied by Herr Landsberg, Professor Schuecking and two secretaries, and waiting for him the allied representatives were grouped around Julius Cambon, the former French ambassador to Berlin, who is chairman of the commission.

Other members of the allied party included Henry White, of the United States; Lord Harding, Great Britain and ambassador Matsui, Japan.

M. Cambon immediately addressed Count Von Brockdorff-Rantzau stating that he was chairman of the commission entrusted by the allied powers to receive and examine the credentials of the German delegates as the first step in a conference which, it was hoped, would lead to peace.

"Here are our," continued M. Cambon, extending as he spoke the formal credentials of the allied commission. Count Brockdorff-Rantzau surrendered the German credentials, with even less of a formal address, his emotion being too great to enable him to deliver an extended discourse.

After these brief ceremonies the Germans turned and left the hall, walking a few steps to the cars in waiting. They were followed immediately by the allied representatives. The whole ceremony was over and the allied delegates were proceeding back toward Paris by 3:20 o'clock.

The allied delegates then rode to the chateau to inspect the hall of mirrors, where the treaty will be signed and eventually returned to the hotel for tea.

VICTORY SALES NEAR \$300,000

Victory Loan Bond sales in Fayette county up to the present time is near the \$300,000, leaving more than \$500,000 to be subscribed during the coming week, and it is believed that no man who can buy bonds will stand by and see Fayette county fail in attaining the coveted goal and the 100 per cent record of patriotism.

The average person does not realize that there are still 40,000 wounded American soldiers in France, and that some of these will be kept in hospitals perhaps for years until they regain strength and obtain training that will permit them to support themselves, and that this is only one of a great many similar phases of the great war where expenses must continue for sometime.

Prompt response is urged upon everyone when the general canvass is made next week.

THIRD PLANE

The third airplane of the week made its appearance over this city at three o'clock Friday afternoon. The plane was flying at a rapid rate in the direction of Chillicothe.

Another plane passed over the city at 11:15 Thursday. The birdman was flying so low that the occupants of the machine could easily be discerned.

RIOTERS URGE GREAT STRIKE; SOLDIERS ACT

New York May Day Demonstrations Serious when Overseas Vets Take a Hand

(By Associated Press)
New York, May 2.—The climax of the May Day celebration of New York's Socialists and others came with a mass meeting at Madison Square Garden, which adopted resolutions advocating four general strikes, three of five days' duration and a fourth of indefinite length, unless Thomas J. Mooney and Warren K. Billings are released from prison or granted new trials before July 4.

The meeting tonight was the only one of a dozen planned for today which was not broken up by soldiers and sailors who demanded that the American flag be displayed and The Star Spangled Banner sung. It was not the fault of the service men that they did not clean up the garden tonight. They tried hard enough but were overwhelmed by the police.

An army of 1318 police, under com-

mand of Chief Inspector Daley, guarded all approaches to the garden and held at bay more than 1000 men in uniform recently returned from France.

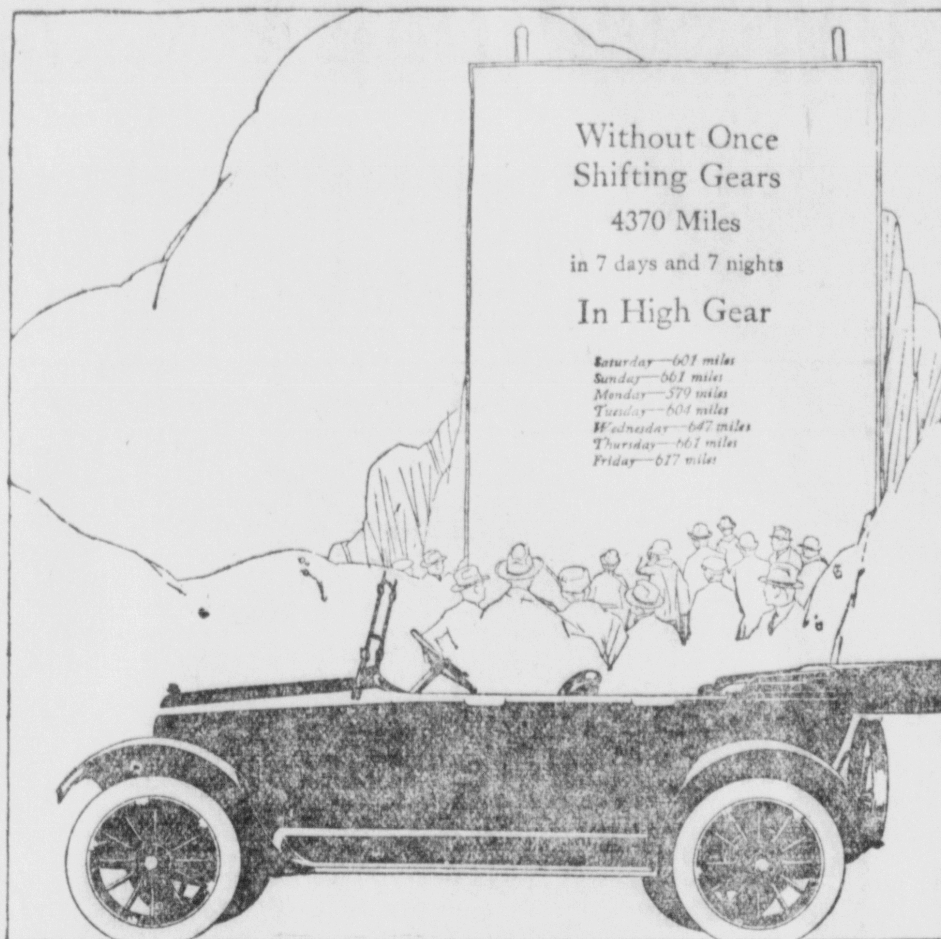

Led by a Scotch-Canadian soldier and a bugler, who repeatedly sounded the assembly, the soldiers and sailors charged the police lines again and again, but only to be beaten back. Back of the officers on foot with night sticks held ready were outposts of mounted men. They were reinforced by a strong provost guard.

MARCH IN PARADE; LOSE JOBS.

Reading, Pa., May 3.—Because they failed to appear for work on May day after warning had been issued that every man was expected to be on duty, 600 of the 2400 employees of the Carpenter Steel Company were discharged. Most of them were chipper and wire mill workers. The men took part in the May day parade.

How Model 90 Broke the High Gear Non-Stop Record

Could the strongest power plant ever built stand the gruelling, searching punishment planned for the Overland 90 stock model when it started on its 7 day sealed in high gear, non-stop run recently at Oklahoma City?

The first day's performance was watched by the public with eager interest—601 miles and not a sign of let-down in the car's perfect record. Then two days of rain—whirling, drenching downpours, mud-clogged roads, which tried the endurance of four relays of drivers. Yet never a complaint from the sturdy Overland!

Four days more of pounding over country lanes and thru blocked city streets—always in sealed high gear—each day showing an average of 624 miles and an average of 20.66 miles to the gallon of gasoline.

And then the amazing score at the finish. Not once had the motor missed an explosion. Not even a spark plug was changed. 4370 miles was the non-stop high gear record by the Overland 90!

Among the 600,000 Overland owners, Model 90 has long been known for its record of long life and economical service.

Let us show you an exact duplicate of this remarkable Model 90 car.

Joy or Regret—

This is a season alike of joys and regrets. Many will regret that they have finished their High School career, thus parting close friendships; others will be joyous over the completion of another school year, knowing they will take up another next year.

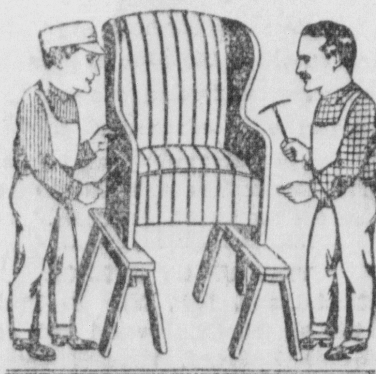

You can prolong the memories of those severed friendships and perpetuate the joyous events with photos. This studio makes so many graduation photos that really it has become a habit of the season.

OHIO FEDERATION OF WOMEN'S CLUBS

By
Mrs. George Elliott
McCormick,
Director of Press.

Kindergartens Are American.

Recently, Mrs. Prentice E. Rood, of Toledo, president of the Ohio Federation of Women's clubs, received an anonymous communication which said: "When you urge a boycott on 'Made-in-Germany' articles, why do you recommend a kindergarten?" which is a "Made-in-Germany" article? Americans of the thoroughbred type object to the name. A training class for American children should be called "The Cradle of Liberty," with no "Made-in-Germany" flavor to it. Please suggest a change, America's daughter." Anonymous letters are not American. The handwriting of this anonymous communication to Mrs. Rood is strongly suggestive of German. Ordinarily such communications are ignored. However, Mrs. Rood suggests that American-made kindergartens are not made in Germany. Had the Froebelian system of kindergartens been developed in America along German lines it would have remained forever the privilege of the wealthy few and the occasional gift of charity. Mrs. Rood could have added, though she did not. The kindergarten of today is 100-percent American because the kindergarten system that America knows was founded by an American, Miss Elizabeth Peabody, of Boston, who devoted her entire life and fortune to its development along American lines.

Original Stuff, This!

A delegation at one of the recent district conferences told of a very interesting party her own club gave. The club members decided to deal the kaiser a blow with some of his own stuff—sourcruit. In fact, the party was called "The Kaiser's Knockout Blow." From the sale of the sourcruit and "hot knockers" the club derived the sum of \$55, and it bought a Liberty bond.

Mid-Biennial Convention.

The local council board extends to all visitors, whether club women or not, a most cordial invitation to attend the mid-biennial convention at Asheville, North Carolina, May 27 to 31 inclusive. Grove Park Inn will be headquarters for the council board of the General Federation of Women's Clubs, while the credentials and registration rooms will be in the Battery Park hotel. If you will write to Mrs. James C. Ernst Sunset Trail, Asheville, North Carolina, she will be very glad to send an official bulletin giving all the information desired about the convention, and hotel and boarding-house rates.

Piqua City Federation

Of some special interest is the news that the City Federation of Women's Clubs at Piqua, where the second annual conference of the Middle-West district was held March 27 and 28, aided materially in putting across a successful drive for a new Young Women's Christian association. The Piqua federation is a live-wire organization. It helps to pay the salary of a public health nurse and is always right up on its toes where there is some good work to be done. The Columbian Club of Piqua, organized in 1892, has inaugurated a feature that other clubs might adopt to their profit. The Columbian club has two open meetings during the year, one a lecture, with an out-of-town speaker; the other, a musicale given by the club members, assisted by outside talent. Visiting club women at the Piqua conference were deeply impressed with the marked array of talent. They will not soon forget Miss Dixie Seldon, of Cincinnati, whose charming word-picture of Venice was one of the pleasingly good things of the convention. Miss Seldon is an artist and designed many of the striking pictures used by the government during the war.

Story of the Seasons.

There has been written for the United States school garden army the fascinating story of the varying seasons, of the gifts of earth and sky. The story is so written that it may be suitable as a pageant for presentation by children of the grades or high school. The action is swift, dramatic. The dances suggested have a charming picturesqueness. Will you not direct the attention of your school authorities to this government pageant and suggest its presentation? As many copies as needed will be supplied by addressing Helen Fitz Randolph, United States School Garden Army, Bureau of Education, Washington, D. C.

COUNT KAROLYI IS MANY-SIDED HAS A RECORD

London, April 2.—(Correspondence of the Associated Press)—The prominence given to Count Karolyi, the Hungarian Premier who is credited here with turning the government of that country over to the Bolsheviks, has recalled to one of his London acquaintances that he is a "millionaire racing man, never weary of reminding Europe that one of his ancestors was executed by Francis Joseph as a rebel in 1849 for having taken up arms against Austria in the name of Magyar liberty."

"The present Count Karolyi," continues the correspondent writing to a newspaper, "is always careful to conceal the fact that he has always been at one with the other Magyar magnates on one point, namely, the keeping under of the subject peoples by the Magyars. He has often paraded his friendship for the Entente, but as a hussar officer he fought eagerly against the Russian, Serbian, Rumanian and Italian."

"With the duplicity of a Tisza, Karolyi has not even the excuse of fanatical conviction, whether political or religious. He is a timeserver, always playing to the gallery for his own end, which may be summed up in the phrase 'popularity at any cost.' To secure the plaudits of the mob for his racing colors, is his prime political consideration. So now he comes out as the super-patriot and Socialist."

CHILDREN'S YEAR REPORT INDICATES SPLENDID RESULTS

The children's Year under the Department of Labor U. S. A. and promoted by the Woman's Committee of the Council of National Defense ended on April 6, 1919. The results of the year's work for childhood have been marvelous. Statistics are not yet fully compiled, but the Child Welfare Committee of the State of Ohio has already reached some very interesting facts.

The registration of 16,000 more births in 1918 than in 1917 in Ohio is due in a very large part to the campaign on Birth Registration.

The written promise of over 20,000 mothers in Ohio to have their children physically examined once every year is a result of the Weighing and Measuring Tests.

There is an increased interest in the moral and physical welfare of children throughout the state. Over forty towns in Ohio have started some form of permanent Social Welfare work. This has been done either by the employment of a Public Health Nurse, an Associated Charities Secretary or a Probation Officer.

In some towns the Home Service department of the Red Cross has remained and enlarged its scope to take in all families of the community whether they are soldiers' families or not.

Fayette County has done good work during the Children's Year and deserves to be commended. She has a larger social vision and an increased sense of community responsibility.

There is a strong feeling that the enlargement of the Home Service department of our local Red Cross is greatly to be desired. At a recent Conference of Child Welfare and Red Cross Workers the division directors of Civilian Relief urged that the Home Service department be enlarged and kept as a permanent work, especially in the smaller communities where no other social agencies exist. For the first time the people of Ohio, especially in the smaller towns, have realized what it means to rally all of the community's forces for well being and to bring them into operation for the benefit of the unfortunate families. It is the demand from the nation at large that constituted the determining factor in the decision of the Red Cross officials to urge communities to continue this work permanently. In Fayette County splendid service has been rendered by the local Home Service department under the efficient management of Miss Mary Robinson, and it would seem a backward step to allow this splendid work to stop. Why can't Fayette County, as so many Ohio Counties have done, rally her forces and decide to keep the Home Service department as a permanent agency of relief and constructive charity?

One of the leading Social Service directors of Ohio recently said of our County: "Fayette County does things when she sees. She does not always see, to be sure (but I am sure she will see the importance of retaining her Home Service work, a

most important and necessary step if she expects to keep pace with her sister counties. When she takes this step she will have, with her Probation system—a nucleus of social reform that will eventually place her among the leading counties of the state."

As a result of the increased interest in the physical and moral welfare of children, institutions and agencies have been established that render the following positions open to the right people—matrons, supervisors of children, kindergarten or nursery teachers, probation officers, police matrons, seamstresses etc. Persons interested in these openings should write Mr. C. H. Mayhugh, Industrial Commission of Ohio, Majestic Building, Columbus, Ohio.

WOOL PRICES IN ENGLAND

London, March 20.—(Correspondence of the Associated Press)—The official issue prices of wool and tops to the wool trade have been reduced in average 7½ per cent from April 1. These prices are to remain in force for eight months with a view to stabilizing values. Sales are to be held May 6 to 23; June 17 to July 4, July 15 to 25, Sept. 2 to 19, October 7 to 24 and December 2 to 19.

According to official returns, the stock of wool held in the United Kingdom on December 31 last amounted to 301,513,281 pounds in the raw state, or \$195,802,746 pounds in clean scoured terms.

The government owned wool in the colonies on the same date was 1,990,000 bales.

Time for Politics

As the nation emerges from the war period politics again takes the center of the public stage and so long as politics is confined to our own domestic problems it is well that once more we are to consider, to discuss and to differ about questions of finance and questions of laws for raising public revenues, to scrutinize more closely the conduct of public officials, to demand more economy in public expenditures, to object emphatically to the unwarranted assumption or retention of arbitrary powers now that the necessity of war is past.

We have no patience with the narrow, petty, selfish politics played for partisan or individual success, but we do have great respect for the great big wholesome game of American politics played in the open and with the object of bettering the public service.

The nation's finances have expanded wonderfully during the war. To meet the tremendous expenditure necessary, to enable the people to absorb the immense loans which the national government was compelled to float, currency has become more plentiful and prices have soared skyward.

The financial kite has been tugging hard at the string now for some time and it is important that we take an extra hitch in the way of economy, at least in public expenditures as soon as the Victory Loan is absorbed, lest it break away and soar off into the distance where we never can get prices down without suffering a panic.

We do not believe with the finances of Great Britain, France and Italy expanded as our own are, with the demand certain to be made on America for materials and work that prices are ever again going back to the pre-war level, but at any rate, it seems it is time now to check expansion and genuine political campaigns will do it.

It's Different Now

Just now when we are hearing such loud lamentations coming out of Germany about their inability to pay any large indemnity and the injustice of assessing large sums against them, a consideration of the peace terms laid down by the same Huns during the earlier years of the war serves, measurably, to quiet the noise they are making and to answer their argument of inability to pay and the injustice of heavy indemnity assessments.

When Germany's army was meeting with success on the field of battle her leaders were offensively and loudly imposing terms of peace upon the allies. Then the world was told that the presentability of a nation to pay the whole sum was unimportant, that large sums could be paid to Germany yearly for a long term of years; that the allies must meet all the cost of the war, Germany's entire national debt besides creating and maintaining huge sums for the support of disabled soldiers and sailors. Belgium was to belong to Germany as well as the northern coast of France, all British, French and Belgian colonies were to be made a part of the Greater German empire and so on, without limit, the boastful and brutal demands of the Huns were extended, stopping only where the lack of Teutonic imagination failed to lead the greed of the war lords.

Now it's different. Defeated and humbled, forced to accept the terms of their conquerors the cowardly war lords are able to see clearly the injustice of harsh terms—when applied to them.

Circles

A circle is probably the most beautiful of all the geometric figures but to direct human activity in a circle results in a waste of useful energy. When people "get to going in circles" their days of usefulness are about numbered.

When the Creator placed human beings in the world they were faced toward an objective and it was the plan for them to get somewhere during life—to move along and advance as far as possible from the starting point. Human beings weren't intended to remain fixed or to run in circles. Yet we must all be on our guard constantly if we escape going around in a ring and getting nowhere in our reasoning and in our work.

Many people blessed by nature with an abundance of energy and driving power, fail to get anywhere worth while—fail to accomplish any real progress—because they cannot, or do not, direct their energy properly. They "run in circles." Some of our, apparently, busiest people accomplish, practically, nothing worth while because they don't forge straight ahead with a clear understanding of their starting point and the objective they are seeking. They use up all their splendid physical energy rushing about, getting nowhere.

POETRY FOR TODAY

A SONG OF THE DUSK.

High on a hill where the soft wind sighs
A sleepy giant, blinking his weary eyes,
Reaches his hand to the shining skies
And shuts out the light, my wee one;
Pulls down a curtain of deep, deep, blue,
Over the window the sun shines through—
Darkness falls on the world and you;
So comes the night, my wee one.

Up from their cave, 'neath an oak tall,
The brownies are pushing a shining ball,
Made of the yellowed elm leaves of fall
And the rose of June, my wee one,
Of the glistening wings of a butterfly.
And all things golden they have seen die;
They blow the beautiful ball in the sky,
So comes the moon, my wee one.

Now fly the fairies from far and near
Up to the dark sky, each with a spear
Made of the silver of some baby's tear,
With these sharp bars, my wee one,
Gashes they cut in the curtain of blue
The sleepy old giant so selfishly drew,
Twinkling, twinkling, the light creeps through—
So come the stars, my wee one.

Ouida Scott.

SALVADOR NEEDS MONEY AT ONCE; MINISTER COMES

Coffee Crop Requires Financial Help From Outside Country

(By Associated Press)

San Francisco, Cal., May 3.—The first and greatest need of the republic of Salvador is money, said Salvador Sol, new Minister of Plenipotentiary at Washington for that country who has just arrived from South America. The money is needed at once, according to Minister Sol.

"Twenty-five millions of dollars are needed to properly take care of our coffee crop and the government of the republic will not only welcome foreign capital but will make every fair inducement to attract it," he said. "We are particularly anxious to increase our commercial relations with the United States."

"The reason that Salvador did not actively enter into the war against Germany was the fact that there was an old clique of politicians favorable to that country. Since the war that element has been completely eliminated. The administration of the

country as elected now is entirely in the hands of pro-American officials. Our President, Jorge Melendez, was educated in the United States and I am one of a number of others in official positions who have had the same advantages.

"We are particularly anxious for some large banks who can do business in a big way to open up in Salvador. There are two banks of a capital of a half million dollars who have started business but what we really need is an institution which will have a capital of at least ten millions of dollars.

"Any man who has capital, say about \$10,000, will find excellent opportunities for investment which, with work and care, will bring him returns well worth while. I should strongly advise against any young man who has only his hands and his brain to depend on from going down there.

"Our coffee before the war, was consumed in France, Italy, Germany and England. Now Germany is eliminated and the United States is getting one-half of our crop.

News of Interest to Women

"When the boys come home!"

There was a quietus on social activities at Ohio State University, during two years, they say, because girls couldn't dance with each other. But "when the boys came home" things started up again—full force.

They even got a little too jazzy. A joint committee of representatives from all fraternities got together in Pan Hellenic council and put their foot on the cut out.

Here's what was decided upon:

Dances will stop promptly at 1 a. m.

There must be no midweek dances.

Names of chaperons at dances must be announced in The Lantern.

Girls may not go to fraternity houses unchaperoned.

There were other suggestions but these hurt worse than any. With the exception of one sorority, the suggestions were approved by all, it is said.—Ohio State Journal.

Complimenting Mrs. Byron Gifford (nee Anna Louise Rothrock) of Chicago, and Mrs. Michael S. Creamer (nee Ruth Dennis) of Los Angeles, Cal. Mrs. H. Renick Boggs brought together four tables of Bridge players, including friends of their closest intimacy, Friday afternoon.

It was a lovely small affair, in which the beauty of the home, redolent with spring blossoms, and the charming hospitality extended by the hostess, pleasantly combined with the opportunity of visiting with the delightful honor guests, whose former popularity in Washington's social circles has never waned, their return visits always claiming more than passing interest.

The delectable collation served was marked by exquisite daintiness in appointment, Mrs. Frank L. Stutson assisting her daughter in the hospitalities.

The dance of Friday night at the K. of P. Castle given by the Pythian Sisters and the Washington Orchestra, was a thoroughly enjoyed affair with thirty couples in attendance.

The music furnished by the Orchestra with Miss Marion Whelpley at the piano and the addition of a Springfield violinist, Mr. Hart, District Salesman for the National Cash Register was exceptionally good.

Not on the first Sunday in May, but on the second Sunday, the eleventh, will Mother's Day be observed this year, but it will be, if possible, fraught with more reverence and love than ever before in the memory of the bleeding hearts of so many American mothers, sharing in the grief of those mothers overseas.

Mothers' day in 1919 will be commemorated as the greatest tribute to American motherhood in history, not only mothers of soldiers, but all mothers and women who gave their devotion and energy to the winning of the war, will be honored.

Miss Anna Jarvis, Philadelphia, international president of the Mothers' day committee, sent word to Mrs. Samuel Black that she has asked that every home be decorated with a flag May 11th.

The first Sunday of May this year is most opportunely set aside as "Employment Sunday."

Observance of Mothers' day, Sunday, May 11th.

LARRIMER LAUNDRY
"The plant with a record to maintain."

day, May 11, was commended to the members of the 150,000 Protestant churches in the United States in an announcement by Rev. Charles S. MacFarland, secretary of the federal council of the Churches of Christ in America.

A most delightful social session was enjoyed by ninety women of Mrs. D. H. Rowe's Sunday School Class, Friday night at Grace church.

The basement was transformed into a scene of woodland beauty by the use of dogwood blossoms, huge bouquets of them in tasteful arrangement.

An old fashioned spelling match provoked fun galore and the evening was altogether a very jolly one.

Light refreshments were served.

The committee entertaining included Mrs. Will Bishop, Chairman, Mrs. Ola Boyer, Vice Chairman, Mesdames W. P. Briggs, Luella Chapman, Frank Counts, Wilbur Campbell, Mary Cockerill, Beachell, George Chaney, Combs, Lang Conard, Card, Ida Chenoth, Misses Gertrude Channel, Lulu Binegar.

Of more than usual interest are a number of Posters—both regular Army Posters and War Loan Posters of France, now placarded at the Public Library and available to the public.

These were sent from France by Miss Grace Stuckey, of Cincinnati, sister of Mrs. George H. Hitchcock, and a cousin of the Librarian, Miss Elizabeth Johnson.

Miss Stuckey has been with the Y. M. C. A. of the A. E. F. overseas for the past year and is now in charge of the "Y" hut at Wessenback, near Coblenz, Germany, where are present "Y" headquarters.

Miss McKibben, of Granville, who is known here through visits at the home of Mrs. Carrie B. Willis, is in charge of the "Y. W." hostess house in Coblenz and Miss Stuckey is close enough to enjoy occasional visiting with her.

Most happy was a patriotic little May Day on Thursday afternoon when the Beginners of the Sunnyside school entertained the ladies of the Sunnyside Red Cross Unit and a few visiting mothers with a half-hour's celebration around the indoor May Pole.

The Red Cross workers brought their sewing from across the hall and worked busily for the mothers of Devastated Europe while the children danced around the May Pole to the gayest of music.

Complimenting the children in devastated France, who were celebrating May Day for the first time in years, there were two May Queens—one for America and one for France—little Maxine McCray and Wilhelmina Sprenger with their partners the "Kings of the May", Earl Waits and Dean Fite, each properly crowned with garlands.

The ribbons of the May Pole were red, white, and blue.

Every child in the room had brought from his own treasured store of pennies an offering for the war orphans of France which he gave as he proudly signed his name to a letter of hope and good cheer to be sent to a group of children in France.

The letter with the offering of three dollars and four cents has been forwarded to Hon. Myron T. Herrick, President of the American Committee for Devastated France to be transmitted through the proper channels.

The patriotic six year old tots are eagerly anticipating the promised reply.

After the close of school Miss Irene Ballard served a dainty little lunch to the children and the Red Cross Workers while the victrola played the children's favorite—"That Wonderful Mother of Mine."

Mr. and Mrs. Warner L. Southard who have been spending the week in Mt. Sterling with Mr. Southard's aunts, went to Columbus Friday to visit his mother, Mrs. Pulmann for several days.

Mrs. Thomas Hillery goes to Greenfield this evening to attend the funeral services Sunday afternoon of Mrs. William Adams, who died at her home near Greenfield, Thursday.

Misses Mina French and Dora Mae Stewart went to Delaware Saturday morning to spend the week end with Miss Bernice O'Brian at Ohio Wesleyan University.

Mr. Ed Truitt a former resident of this city for many years, but now living in Chillicothe suffered a stroke of paralysis, Saturday morning, while in the employment of the Spetnagle Hardware Co. in that city. Mr. Truitt is in a serious condition at his home.

Mrs. Harry Squires and daughters Katharine Louise and Martha Jane, of Columbus, are visiting Mrs. Squire's mother, Mrs. Reuben Short, in Bloomingburg.

Mrs. Sadie Trump and daughter, of Greenfield, accompanied by Mrs. Trump Sr., were visitors here today.

Mesdames R. M. Hughey, R. C. Pedicord and Vert Shoop made a motoring trip to Chillicothe and Columbus Friday.

Mr. Foster Lane, of Dayton, spent Saturday here enroute to Clarksburg to join his family and spend Sunday at the home of Mr. and Mrs. Hoyt Graham. Mr. Lane expects to take his family home from a five weeks stay in Clarksburg the last of next week.

Misses Candace Hagler and Della Moore of this city are spending the week end in Cincinnati, visiting Miami University friends.

Word has been received from Private Wm. Robert Kinkead, son of Mr. and Mrs. W. Q. Kinkead, of Bloomingburg, that he is now enjoying a furlough in Paris and Versailles. Private Kinkead has been with the 26th Balloon Company near Verdun since the armistice was signed, and is expecting service in Germany.

Miss Ruth Davenport is the week-end guest of Mrs. Vernon Beale (Ruth Clark) in Urbana.

James McDonald spent Thursday in Cincinnati with his sister, Miss Margaret, at the Good Samaritan Hospital. Miss McDonald is improving slowly from a recent operation.

Mr. and Mrs. E. N. Holloway returned Friday from a two-weeks' visit with Mr. and Mrs. J. E. Sands at Louisville, Ky.

Mr. Rankin Paul went to Columbus Friday to ride in the University Horse Show, Saturday.

Mrs. Ray Cousin who has been visiting her brother, Mr. J. E. Sheppard, and family, the past two weeks, left Friday for her home in Greeley, Colorado.

Captain George Kerr received his honorable discharge from military service at Camp Sherman this week and left Saturday, with his wife and little daughter Phyllis, for West Jefferson, where he will locate in the practice of his profession. Dr. and Mrs. Kerr were called to Columbus this week by the death of Mrs. Kerr's sister, Mrs. Elizabeth Smose.

Mrs. M. C. Myers and daughter Mary Katharine returned Saturday from a visit in Elwood, Indiana.

Mrs. George B. Franklin and little son Robert Bruce were visitors in Columbus Friday.

Mr. and Mrs. E. H. Reeder and daughter Ludene went to Dayton this evening to spend Sunday with Mrs. Reeder's parents, Mr. and Mrs. S. R. McGuire. Mr. Clayton Swartz joined them in Xenia.

Mr. and Mrs. O. A. Jones, of Cincinnati are the guests of Mr. and Mrs. Eph Worthington over Sunday.

The team ran almost two squares below the Fayette street bridge when one of the horses slipped and fell, bringing the other horse to a stop. The team was badly bruised.

WILL PLANT MUCH CORN NEXT WEEK

Fayette county farmers are making active preparations for planting corn next week, and only unusually severe weather will prevent thousands of acres being planted by the close of the coming week, according to present intentions.

The acreage this year will be exceptionally large, and if the weather permits the work will be done in record-breaking time, as virtually all ground has been broken and much of it is awaiting only the final working before receiving the seed.

REMODEL OFFICE

Drs. Beem and Beem, local chiropractors, are remodeling and rearranging their rooms in the Masonic building. A partition is being put in the reception room and the dressing compartments are being refurnished for both ladies and gentlemen.

HUN HELMETS OUT OF THE ORDINARY

In the show window of the Craig Bros. Department store may be seen two German dress helmets, that once belonged to German officers.

These helmets are of the type with which the Kaiser had outfitted his army which was to make triumphant entry into Paris after breaking the allied lines.

Several German buckles and insignia of German uniforms, with the official newspaper of the Seventy-ninth division are also on display.

The articles were received from Lieutenant Thomas H. Craig, serving with the 314th Infantry.

STOMACH SUFFERERS FIND QUICK RELIEF

When you toss in wakefulness all night, get up in the morning stiff and sore; when your appetite is uncertain, and food does not taste good; when you are weak and nervous, and your hands and feet get cold, you are getting little benefit from your food because your digestion is at fault.

Let this condition run on and soon you will have pain in the bowels and stomach, belching, bloating and headache, sour stomach, followed by rheumatism or kidney trouble and many other ills.

Take the trouble in hand at the beginning. Dr. Parker's Treatment for Indigestion and Constipation is the result of 35 years of special study of such conditions, and is guaranteed to relieve stomach troubles. Get it for \$1. If it doesn't help you we will refund your money. Thousands have used it with wonderful success. All druggists here have Dr. Parker's Treatment. Prepared and guaranteed by Geo. B. Parker, M. ALLEGED GYPSY BANDITS NABBED EARLY SATURDAY

Officers Surround Camp Near Dayton and Arrest Four Men Accused of Assault and Robbery.

Quartet Brought Here And Employ Dayton Attorneys To Defend Them.

Surrounded by a small army of officers, eight Gypsies, including four against whom charges of assault with intent to kill and robbery had been filed by Tene Bimbo, were taken into custody on the Cincinnati pike some three miles out of Dayton, before daylight Saturday morning, and were brought to this city and locked up.

The four men have been identified by Bimbo as four of the five bandits who attacked his family and after brutally beating them and nearly killing his wife near Jeffersonville a few days ago escaped with \$2500. Their names are John Nicholas, Joe Nicholas, Tucum Adams and Pizaro Adams.

The men have employed counsel to defend them and give every indication of fighting the case to the last ditch, although, according to Bimbo, they offered to return his money if he would induce his wife to lay they were not the ones who committed the robbery.

Bimbo in turn has retained Post & Reid and Gregg, Patton and Gregg, and is determined to teach the men a lesson for all time, and if possible to send them to prison for a long term.

The four men are said to have doc-

umentary evidence which indicates that Bimbo has not always been on the side of the law, a picture with his "number" being included in the papers of the quartet.

Officers Receive Tip.

The local authorities received a tip from Springfield Friday evening that a band of Gypsies which might be the ones wanted, had been seen near that city. Deputy Sheriff Nelson, Chief of Police D. L. Moore, Earl Powell and Tene Bimbo started to Springfield and learned that the band mentioned did not contain the men wanted. However the Gypsies declared that they had passed the ones described by Bimbo and warned the officers that the band had declared they would kill the first officer who attempted to arrest them. They also warned Bimbo against threats made by the band.

Going on to Dayton the officers searched about that city until about two o'clock when they located a camp which Bimbo declared was that of the men wanted. Reports indicated that nearly a score of men were in the Gypsy camp, and the officers asked for assistance from Dayton. Seven deputies were assigned to help the local officers, and they went to the camp, surrounded it and aroused the sleepers.

The men—eight in number—came out of the tents like so many hornets and just as mad. They were speedily joined by a mass of chattering women and children, and all kinds of dire threats were made against Bimbo, the party evidently knowing immediately why they were disturbed.

Show Resistance

Some of the men announced their intention of not accompanying the officers, but they quickly changed their minds and the eight men were taken to police headquarters in Dayton where Bimbo had been left. He immediately picked out four of the men, but could not identify the fifth whose name he did not know.

Surround Camp

Learning that the Gypsies were planning to have the four men released under a writ of habeas corpus the officers hurried their prisoners to this city, the others being given their freedom later in the morning.

Get Dayton Attorneys.

Friends of the four obtained attorneys from Dayton, and it was announced the attorneys would be here later in the day.

The four men were arraigned before Mayor Dahl, being temporarily represented by E. L. Bush, and they waived the reading of the affidavit entered pleas of not guilty and asked that their hearing be postponed until Saturday afternoon. This was done.

The four men are said to be Syrians, and are typical Gypsies of the wealthier class. According to Bimbo the men are wealthy, and would not miss a few thousand dollars. He has led the authorities to believe the men under arrest are desperate characters and the impression prevails among the authorities that the band preys upon other bands of Gypsies and are feared by the more peaceful bands.

A hot legal battle promises to come out of the affair.

Up to three o'clock Saturday afternoon the Dayton attorneys for the accused men had failed to arrive, and arrangements were being made to continue the hearing until a later hour.

MAP MAKING IN FIELD BY 29TH

Paris, March 24.—(Correspondence of the Associated Press.)—The Twenty-Ninth Engineers of the American Expeditionary Force are conducting some interesting experiments in map making and reproducing in the field. With a five-ton truck as a printing and lithographic establishment they have succeeded in turning out 10,000 copies of field maps an hour. The French and British are taking a keen interest in the American outfit as they have used a railway train for such work and their best output has been about 300 copies an hour. Furthermore a railway train is limited in operation to available trackage while there virtually is no limitation to the mobility of the truck.

In some operations of this war every man in a trench raid party has been furnished with a map of the sector involved so the importance of quick map making is very great. The quick development and prompt reproduction in quantity of air photographs is also a phase of these experiments.

SGT. WILLIAMS WINS WAR CROSS GIVEN BY FRENCH

Was Member of Signal Corps And Maintained Difficult Line of Communication Under Heavy Fire.

Coveted Croix De Guerre Presented Just Before He Left France.

Sergeant Ed Williams, the son of Mrs. W. C. Williams, who served with the 37th Division in France arrived at his home Thursday evening from Camp Sherman, wearing on his breast the French Croix de Guerre received for gallantry in action.

On the night of November the second, at Eyme, on the Scheldt river, south of Ghent, Sergeant Williams had charge of a signal detachment of the Third Battalion, 145th Regiment. The work of his little detachment was to assist in forcing a river crossing at this place.

The German artillery fire was intense and the gas was very thick throughout the entire valley, but in the face of these difficulties the detachment placed and maintained two lines of communication from the front lines back to Regimental Headquarters. Very valuable information was sent back to the Colonel at headquarters and communication was also kept up with their own artillery.

The detachment suffered heavily, two of the 15 men being killed and two severely wounded.

The battalion came forward and crossed the river holding the bridge head against numerous counter attacks by the enemy. The battalion held the bridgehead until the fourth of November when it was relieved by a French Division.

For heroism displayed in handling his men in this struggle Sergeant Williams received the Division Citation for bravery and approval for the Croix de Guerre was given by General Petain, Commander in chief of the French armies of the East.

On February 24, Williams was decorated, at Division Headquarters, at Baloon, France with the coveted French decoration, the Croix de Guerre.

As far as known Sergeant Williams is the third local man to receive this decoration.

PLAN AIR SERVICE CAIRO TO INDIA

London, April 1.—(Correspondence of the Associated Press.)—The British Press generally asserts that the commercial development of the airplane is much further advanced in Great Britain than in any other country. According to the American Chamber of Commerce in London a mail service from Cairo to India is to be inaugurated. The air route already has been surveyed and a route from Cairo to the Cape of Good Hope is being laid out.

Aerodromes are to be established at suitable spots in the British Isles and British possessions and equipped with sound and light signals, balloons, aerial buoys and wireless telegraph and telephone outfits.

"Already cargo airplanes are in sight," the Chamber of Commerce announces. "A huge British seaplane of novel type equipped with five motors has been flown carrying six tons at 100 miles an hour. Experiments are being made with another having a carrying capacity of nine tons.

THE JOY OF A HOME OF YOUR OWN

"What a beautiful living room! If our house only had one like it. But then this whole house never has suited me. Look at those closets—miserably small. The arrangement of the rooms is impractical and the woodwork could have been finished in a much more attractive way. And that is not all—" But why go on; almost everyone feels that way unless the home is his own.

Build A Home First

Then the plans can all be made to fit your taste. Everything will be in harmony with everything else; steps will be saved, the floors stained, the woodwork's finish will blend with the furnishings and you'll have dozens of little conveniences you've always wanted. Yes, why go on as you do now; it's time to build a home—that ideal home of your own. Come in and let us show you our plans of homey homes. Our service is free and we may be able to offer some valuable suggestions.

*Prompt Deliveries Assured Early Buyers—It is a
Perfect Development of the Car You Know So Well*

A new Hudson Super-Six is coming. It reveals how four years' experience with 60,000 cars has enabled Hudson engineers to free it from many of the annoyances regarded as inevitable to all cars. It embodies the qualities which men said would make it the greatest car known.

It Is Worth Waiting For

Production on large scale is now under way.

Dealers will have their demonstrating cars within a few days.

You must not fail to see the new Hudson Super-Six.

Think of the history of earlier models. They have made a place in every branch of motor car use that has not been matched.

The first Hudson Super-Six, four years ago, increased motor power by 72% without added weight. It retained all the simplicity of the six. It minimized vibration.

Proved In A Thousand Ways

You remember how endurance was proved. Nothing to equal Hudson Super-Six records of performance had ever been known. Most of those stand today as achievements that no other car has been able to match.

But one thing those feats did, you perhaps do not know. They showed ways for development of subsequent models that find their expression in the new car soon to be offered.

GREAT CROWDS TO GREET 166TH VETS.

Indications are that hundreds of people from this county will attend the homecoming reception of the 166th infantry, Rainbow Division, when that regiment parades in Columbus.

The friends and relatives of M Company boys and the former members of M Company, old 4th Ohio, will form a delegation to aid in giving the veterans a rousing welcome upon their arrival in Columbus.

Definite word has not been received as to the exact day of the parade which is expected to occur sometime during the middle of next week.

Word comes from Greenfield that preparations are being made at that place to send a delegation by a special train to this city over the D. T. & I. and here to connect with the B. & O. to Columbus. Price's band will accompany the 125 or more persons on the special from Greenfield. D. A. R.

MOTHER'S DAY

Columbus, O., May 3.—Sunday, May 11, has been officially proclaimed as Mothers' Day by Governor Cox. The proclamation issued by the Governor follows:

"Observance of Mothers' Day has properly become a universal custom; not in a spirit of sentimentality, but in the rendition of respect and honor where homage is due.

"I therefore, as Governor, proclaim Sunday, May 11, 1919, as Mothers' Day and earnestly and respectfully request observance throughout the State of Ohio, with appropriate exercises in all public places, by general display of the United States flag and by the wearing of the mothers' favorite flower.

"JAMES M. COX."

OHIO BRIEFS

DAYTON—John W. Gill, aged 79, a member of the Soldiers' Home, was killed by a street car.

OTTAWA—Benjamin Westphal, aged 35, was instantly killed when a roof of an old shed fell on him.

MARYSVILLE—The one hundredth anniversary of the Odd Fellows' Lodge was celebrated here last night. About 300 members were present.

MARYSVILLE—Chairman William J. Conrad received an honor flag for Magnetic Springs for having gone over the top in the victory loan drive.

DAYTON — Among the subscriptions turned in at victory loan headquarters was that of Mrs. Lucinda Glass Hinckley, a cousin of Secretary Glass.

MARYSVILLE—Mr. and Mrs. William Lane received a telegram announcing the death of their son, Calvin Lane, minister at Viana, Ontario, Canada.

MARYSVILLE — The machine in which George Wood and Paul Arthur of Richmond were driving, was destroyed when it was struck by a train. Neither of the men was hurt.

FINDLAY—Mrs. W. R. Poole, of Findlay died in a Youngstown hospital, where she had been taken from a railroad train on which she was traveling to Pennsylvania.

BUCKEYSBURG—Brigadier General Edward Vollrath, with service on the Mexican border and in France, will deliver the Memorial day address here on May 30.

FINDLAY—A new gas well will be drilled at Limestone Ridge by the city to furnish power for the pumping station. The city now has several wells in operation there and at the Findlay station.

TOLEDO—Responding to a telephone alarm, 20 armed citizens drove off two burglars who were robbing S. E. Goodell's hardware store at Luckey, 12 miles from here. The men escaped, but dropped their loot.

EGGS ARE SPILLED
WHEN AUTOS CRASH

Friday evening a Ford truck, belonging to the Brownell packing house and laden with cases of eggs, collided with a touring car at the intersection of North and Paint streets. The truck was overturned, damaging the truck and breaking dozens of the eggs. The other car was virtually free of injury.

DECISION MADE

Belgium Still Displeased Over Financial Arrangements

(By Associated Press)
 Paris, May 3.—President Wilson, David Lloyd-George and Premier Clemenceau have settled the question of the German overseas cables. The decision was reached that the cables were spoils of war and belong to those powers which took possession of them.

(By Associated Press)
 Paris, May 3.—The Belgian delegation to the peace conference is expressing dissatisfaction over the terms of the preliminaries for peace as they affect Belgium. None of the territorial claims of Belgium has been granted except that for Malmédy in Rhineland Prussia a short distance south of Aix-la-Chapelle, the population of which before the war was largely Walloon. Malmédy will revert to Belgium. The territory on the left bank of the Scheldt River and Maastricht and the Limbourg peninsula are not mentioned in the terms.

Of the \$500,000,000 already mentioned as the immediate financial indemnity for Belgium, more than half the amount has merely been placed to Belgium's credit in allied countries as part payment of war loans. No provision has been made for the recall by Germany of the 6,000,000,000 marks which were left in Belgium and are now lying in Belgian banks and vaults, bearing no interest and unproductive, as the circulation of the mark in Belgium is not permitted. "The amount of 6,000,000,000 marks represents virtually the total Belgian liquid wealth assets," said a member of the Belgian delegation today.

LARGE CROWD ATTENDS
FINE WAR LECTURE

On last night, May 2nd, at Roger A. M. E. church a crowded house was called to attention by Mr. S. Evans. After the opening song "America," prayer was made by Rev. J. T. Scott, a solo by Riley Steptoe and duet by Misses Ernestine Thornton and Ruth Woodson.

The main speaker, Rev. L. E. Mathis, was then introduced by Mr. Evans. His very first words proved to his audience that he was an eloquent speaker. Rev. Mathis was in the Medical Corps and while in France in the capacity of Lieutenant, and as a soldier on the battlefields.

It was considered one of the best lectures on the war that Washington has been treated to by any lecturer. The detail descriptions of important battles; the gas attacks; the barbed wire, tanks and the air raids held the audience in rapt attention from beginning to end throughout his lecture.

MOTHERS' CIRCLE.

The Mothers' Circle met with Mrs. Walter Jones Monday afternoon. After all business had been transacted a splendid and helpful paper was given "The Adolescent Girl" (her clothes) by Mrs. Elmer Junk after which a thirty minute round table followed. 104 12

MONTENEGRO WAS
INTRIGUE VICTIM

London, March 26.—(Correspondence of the Associated Press)—Charges that Montenegro, the smallest of the Allies, has been a victim of intrigue during the war, are made by Alexander Devine of Winchester, a friend of the little Balkan country. In a letter of complaint to Premier Lloyd George, Mr. Devine writes,

"The great feature of intrigue has been to ignore her existence as a separate country; then to protest that fraternal confederation with her was most desirable; and finally to deliberately attempt to absorb her existence and nationality."

Mr. Lloyd George replied that he hoped and believed that the interests of Montenegro would be amply protected at the Peace Conference.
